Land Maintenance & Development SERVICES BROCHURE

Services

BULLDOZING - \$90/HR

Used to clear land of trees and brush.
Bulldozers are also used on sloped terrain to build terraces to enable crop production.
(Transportation Fee applies)

GRASS CUTTING - \$50/HR

Reduces the height of grass or shrubs before plowing for the purposes of crop production or pasture management.

PLOWING - \$50/HR

A preparation technique to establish pastures or producing crops which turns over the upper layer of soil, incorporates weeds and crop refuse, and aerates the top layer of soil.

DISC HARROWING - \$50/HR

Used to break up large clumps of soil (ie. ideal for areas used for seedlings, planting, & transplanting)

TILLING - \$50/HR

Used to break up small clumps of soil to provide a finer finish than disc harrowing. Can also be used to destroy weeds.

BANKING - \$50/HR

Creates raised mounds or beds to facilitate the production of root crops such as yam, cassava, potato, carrots, etc.

POST HOLE DIGGING - \$50/HR

Digs holes in which farmers plant poles to attach and erect fence for crop and livestock production.

WATER DELIVERY

Delivers water ONLY to crop and livestock producers and charges are based on gallon capacity.

4,000 gallons | \$110.00

6,000 gallons | \$160.00

About Us

The US Virgin Islands Department of Agriculture was created pursuant to Title 3, Chapter 17, Section 291. Act Number 5265 repealed this Section and established the Department of Economic Development and Agriculture and in 1995, Act No. 5265 as amended by Act. No. 6070, abolished the Department of Economic Development and Agriculture and created two separate entities, the Department of Agriculture and the Department of Tourism.
